This is a treat all will enjoy.

A gentleman who has traveled over most of the counties in eastern section of the State says that Newberry is the most prosperous town he has visited. Good for old Newberry!

The gallon-a-month has now been reduced to two quarts a month. This means South Carolina has been on a big drunk ever since Colonial times, and she is now tapering off. She has always been a grand old State, even in the days when she was a sot drunkard. What will she be when she gets plain sober?

The mail carrier saw two moose and a track that thought might have been made by a panther one day last week.—Smyrna cor. Lincoln Chronicle, Me. Newberry rural carriers are not troubled about moose and panther tracks, but if they were to strain their eyes a little, they might discern the outlines of a blind tiger track, now in the white on their daily rounds.

The Hazards of Helen will be resumed at the opera house next Wednesday March 1. The Kalem people are the originators of the railroad series and they have recently doubled their equipment for this picture. Miss Gibson is by far the most daring of the actors in the movie world.

The total amount collected for the work on the steel bridge road or the Dead Fall road from voluntary subscriptions was \$163.10; the total amount expended, \$191.25; leaving a deficit of \$28.15. The farmers along the way furnished their teams without cost and the money spent was to pay the drivers. The money contributions were from the merchants and city of Newberry. The road is being completed down to the river. The Herald and News will print the itemized statement in Friday's paper. We did not receive the copy until 12 o'clock Monday—too late to handle for this issue with the other copy we had.

Mr. Robert E. Leavell, who is spending a few days in Newberry with his family sent us a letter written on the great Lackinaw railroad when he was en route to Buffalo and Niagara and on to Canada. The point of the letter was that he had the pleasure of reading The Herald and News on this journey and it called to his mind the fact that there was after all no place like Newberry, and surrounded by all the beauty of the scenery and the wealth of this great section he longed for the old home. He is the Southern representative of the Caskey Hardware Manufacturing company of Detroit, Mich., and sells to the jobbers of the South.

A copy of the Lincoln Chronicle, a paper published in the far-away State of Maine, has been received by the reporter from a friend and brother Odd Fellow, Mr. W. H. Dovette, of Lincoln, Me. In looking through this paper we see a lot of names of people which almost make us believe they are Newberry names. For instance, Dennis, Wells, Taylor, Perry, Chambers, Bennett, Greene, Carson, Wilson, Clark, Hunt, Harris, Cook, Davis, Gee, Robinson, Neal, White, Bowers, Caldwell, Lee, Higgins, Williams, Port, McIntyre, Ward, Hamilton, Burton, Bruce, Stevens, Wheeler, Smith, Adams, Jones, Richardson, Payne Farrar, McKinney, Brown, Griffin and Johnson. These are good, wholesome, home-grown names and we venture there is no foreign riff-raff in and about Lincoln, Maine.

## Must Know More Than The Dog

A physician was driving through a village when he saw a man amusing a crowd with the antics of his trick dog. The doctor pulled up and said:

"My dear man, how do you manage to train your dog that way? I can't teach mine a single trick."

The man glanced up with a simple rustic look and replied:

"Well, you see, it's fairs way; you have to know more'n the dog or you can't earn him nothin'."

## TWENTY-NINE COUNTY BORROWS MONEY.

## National Bank Lets County Have Money for Less Than Four Per Cent.—The Other Bidders.

County Supervisor Sample and County Attorney Holloway made a quick loan this year and at a very low rate of interest. The county last year paid six per cent. for the money borrowed. This year the money is secured at a less rate of interest than the State bonds were sold for.

The legislature authorized the county to borrow \$25,000 on the pledge of the 3 1-2 mills levy and \$6,000 on the one mill levy for roads. Bids were asked for and when they were opened on Monday, it was found that the National bank of Newberry had made the most favorable offer for county and the money was borrowed from it. The bid of the National bank was a rate of 3.90. The other bids were. The Savings bank 4.70; the Exchange bank 4.50; the Commercial bank 4.30.

The county has made a very fine deal and the National bank has done a good service for the people in letting the county have money at this low rate.

## BUILDING THIRTY-FOOT ROAD

People of Prosperity Cooperating With Supervisor in Building Fine Road to Steel Bridge.

Supervisor Sample is having some fine work done on the steel bridge road from Prosperity to the Saluda river. The business men of the town of Prosperity and the citizens along the road have raised by private subscription and work about \$1,000 and some of the citizens on the Saluda side of the river have contributed to the work. Mr. N. L. Black of Saluda, has made a contribution of \$100 and with the chain gang and this help of the citizens of the community the supervisor is putting the road in fine condition.

It is being widened and a cover of and where needed and clay where needed is being put down and when completed will be one of the best roads in the county. It is a very important road for many of the people of Saluda have Prosperity as their market, and the merchants and business men of the town realize the importance of a good road, and have gone down in their jeans and are helping the county to make them a good road.

The chain gang down there is in charge of Mr. Teague and he knows how to make a road and to get work out of the gang.

## SOCIAL.

A beautiful entertainment of Monday evening was the Valentine Leap Year party given by Miss Carolyn Caldwell at her home in East Main street. The invitations were unique, reading:

One year in four  
The girls adore  
'Tis Leap Year as you know  
So be my guest, to laugh and jest,  
Upon the date below  
February 14, 1916.

Miss Carolyn Caldwell. The house was elaborately decorated with red and white hearts, Southern smilax and potted plants. The hall was draped with chains of hearts caught in the center with two large hearts pierced with an arrow. The library also carried out the Valentine idea in its decorations and here each guest received a heart upon which a fortune was written and much fun was caused by the reading of them. The game of the evening was "progressing proposals." For receiving the greatest number of acceptances Miss Sadie Fant was given a mock-diamond ring and the consolation prize fell to Miss Woodie Bowman.

After the game the guests were invited into the dining room where refreshments were served. Heart shaped jello and heart shaped cakes and candies still further carried out the day's design.

The table had for a centerpiece, a mirror pond with a Cupid fishing for hearts. Red shaded candles and hearts also added to the beauty of it.

The guests were Misses Estelle Caldwell, Woodie Bowman, Octie Griffin, Ruth Halfacre, Sarah Halfacre, Lila Summer, Bonnie Lester, Sarah Fant, Maud Epling, Carabel West, Josie Reid, Sarah Williamson, Margaret Burton, Gladys Chappell, Teresa Maybin, Verna Summer, and Messrs. Frazier Evans, Richard Floyd, Bennie Mayes, Robert Pool, Ned Purcell, Stemple, Stuck, Stokes, Kiser, Barre, Jack Smith, Lovell, Carroll, Dennis, Earl Hipp, Wimberley, Marion Blease, Haiger, Roy Summer, James Crotwell, Boozer, Riser, Shealy, Dave Caldwell.
